EDINBURGH, Ind. – Members of the Active Army will be conducting artillery and mortar live fire training starting 30 March through 10 April. Residents may hear explosions during this time which could extend into the evening and night. During this timeframe you may also see an increase in air traffic that will not affect the community. This is a necessary part of training to maintain unit readiness for future missions and for Soldiers to stay proficient in their skills and the equipment they use.

We are committed to building positive relationships with the communities surrounding our installations. The point of contact for any questions or concerns is Capt. Jessica Cates at (812) 526-1499 ext. 61386. After hours concerns can be directed to (317) 519-7263. For more information, visit www.atterburymuscatatuck.in.ng.mil.
